GREY WOLF WALK FOR FREEDOM

"Walk for a Mile or Walk for a While"

RENO, NV, AUGUST 1, 2022 — Ron "Grey Wolf" Coleman began the [Grey Wolf Walk for Freedom](http://www.GreyWolfWalk.com) movement on Saturday, July 2, 2022 at the Nevada State Capitol in Carson City. As of July 30, 2022, he has walked over 200 miles. His walk will conclude in the Washington, D.C. area sometime this November.

Grey Wolf set out on this walk for freedom and liberties in America to raise awareness about what the Government has been and **IS** doing. He will help **INFORM, EDUCATE** and **DISSEMINATE** information to **PEOPLE** along the way as to what **THEY** must do to regain their Constitutional rights and God-given freedoms and liberties. The plan is to hold rallies in different locations along the way with special guests and speakers.

It is his goal to have as many people as possible join him as he enters Washington, D.C. to cover the distance from the Capitol Building to the White House, and all the way to the Washington Monument, with **PEOPLE** standing shoulder to shoulder, letting **THEIR** many voices be heard as one!! So loud that the Government and the Media can no longer ignore **THEIR** demands!!

*"I whole-heartedly believe in this effort. We need to raise awareness across the United States about what the government is doing to us. **And WE, THE PEOPLE** have to remind our government representatives that **THEY WORK FOR US!**"*

The primary objectives of this movement are:

#1 – To **END** the State of Emergency and demand the passing of legislation, limiting how emergency powers and declarations can be used in the future!!

#2 – To **EXPOSE**, and ultimately hold accountable, all who abused the State of Emergency to suppress our Constitutional rights!!
